-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE ____ MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 08 March 2006.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.

DETAILED ACTION

1. Receipt is acknowledged of the Amendment filed 08 March 2006.

Drawings

2. INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement sheets which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments section, or remarks, section of the amendment paper. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). A replacement sheet must include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheet(s) must be clearly labeled as "Annotated Sheet" and must be presented in the amendment or remarks section that explains the change(s) to the drawings.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

Art Unit: 2876

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings MUST be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

Specification

3. The disclosure is objected to because of the following informalities: it contains numerous typographical errors, grammatical errors, and punctuation errors. The applicant's cooperation is requested in correcting all errors of which applicant may become aware in the specification.
4. The pages of the specification including claims and abstract must be numbered consecutively, starting with 1, the numbers being centrally located above or preferably below the text.

Claim Objections

5. Claims 1-4 are objected to because of the following informalities:
Re claim 1: Substitute "the interval needed" with -- an interval needed -- (see line 5).
Re claim 1: Substitute "prepaid card" with -- prepaid credit card -- (see line 5).
Re claim 1: Substitute "the card" with -- the prepaid credit card-- (see line 6).
Re claim 1: Insert a period at the end of the claim.
Re claim 2: Substitute "the" with -- The -- (see line 1).
Re claim 3: Substitute "the" with -- The -- (see line 1).
Re claim 4: Substitute "a" with -- A -- (see line 1).
Re claim 4: Insert a colon after the term "containing" (see line 1).

Re claim 4: Insert the term -- prepaid -- before the terms "credit cardholder" (see line 2).

Re claim 4: Insert -- prepaid credit-- before the term "card" (see line 4).

Appropriate correction is required.

Claim Rejections - 35 USC § 112

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

8. Regarding claim 4, the phrase "means for allowing a credit cardholder to remain anonymous and have photo and fingerprints inputted..." renders the claim indefinite because a cardholder will not remain anonymous if his/her photo and fingerprints are inputted for identification purposes.

The examiner would like to suggest the following claim language:

A system containing: means for allowing a prepaid credit cardholder photo and fingerprints to be inputted for identification purposes; and means for purchasing a prepaid credit card without being conformed to traditional credit card approval.

Claim Rejections - 35 USC § 102

9. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

Art Unit: 2876

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

10. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Risafi et al (US 6,473,500) (hereinafter Risafi).

Risafi teaches a system and method for using a prepaid card comprising a consumer for purchasing a prepaid card for a particular amount of money either at a point-of-sale location (merchant), at an ATM, at any designated/approved card-dispensing device, or from a card issuer or designated agent of the card issuer. The prepaid card is activated when the consumer purchases the card. The consumer then selects a personal identification number (PIN) for the purchased card. The activated card is used for making purchases at a wide variety of approved establishments, merchants, or via the Internet. The system is useful for consumers who do not have credit/bank cards and who do not want to incur credit card debt. (See col. 6, line 38 to col. 7, line 67)

11. Claim 4 is rejected under 35 U.S.C. 102(e) as being anticipated by Barkan et al (US 2003/0135731 A1) (hereinafter Barkan).

Barkan teaches a system for purchasing a smart card, the system includes means for allowing a smart card user to have his/her photo and fingerprints inputted for identification purposes; and means for purchasing the smart card without being

conformed to traditional credit card approval (see paragraphs 0053, 0119-0132, and 0139).

Response to Arguments

12. Applicant's arguments with respect to claim 4 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

13. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

14. Any inquiry concerning this communication or earlier communications from the examiner should be directed to April A. Taylor whose telephone number is (571) 272-2403. The examiner can normally be reached on Monday - Friday from 9:00AM - 5:30PM.
